Miscellaneous

Awning for flybridge and aft deck
Covers on flybridge
Accessory socket (electric reel)
Pivoting rod holders
2 Aluminium outriggers
Mattresses in good condition for cabin and cockpit add-ons
Work surface
Plenty of storage space

Last bottom paint: August 2024 with engine overhaul (cleaning of the temperature exchangers, oil change, replacement of the intercooler casing, repair of the internal heat exchanger, replacement of the port starter). Replacement of the WC through-hull fittings.

Work to plan

Morse inverters are worn and need replacing.
Subbase tilt indicators not working. Parts on board, to be fitted the next time the subbases are removed.

Main strengths

Excellent handling and sea comfort.
Ideal for big-game fishing or family weekends.
2 Control stations so you can go fishing on your own.

ATTENTION :

The boat's inventories are based on the indications given by the owners and even if we do our best to see that they are in accordance with the reality, there might be some differences. The boat's and equipment's condition has to be checked jointly by the buyer and seller before the sale.
The respective responsibilities of both the seller and the buyer remain intact. In no case can Raiatea-yacht be held responsible for any defect on the boat.
